

TRADE IN YOUR OLD HOT PLATE

Upgrade to a Cimarec+ Hot Plate or Stirring Hot Plate and save over 50%!

A safer lab starts with a safer hot plate.

Trade in an old or runaway stirring hot plate for a new Thermo Scientific Cimarec+ hot plate or stirring hot plate at special program pricing.

"Runaway Hot plate": hot plate that heats uncontrollably to maximum capacity, regardless of the temperature dial setting or even when the power switch is turned off. They lack internal feedback controls or over-temperature safety cutoffs, making them prone to spontaneous heating.
